

In the specification

On page 8, after line 10, (paragraph related to Figure 7a) please insert the below. Support for this amendment is found on pages 17 and 18 of the specification as filed.

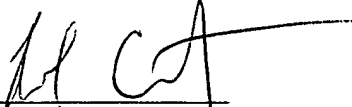

-Figure 7a represents a variant of the exchanger of Figure 6a, and Figure 7d represents the refrigerant-fluid collector of the Exchanger of Figure 7a.

-Figure 8 represents a thermal loop, according to the invention, having an auxiliary exchanger.

-Figure 9 represents a thermal loop, according to the invention, showing a circuit with two 3-way valves.
